South Area: 07-2354295

Accommodations

Cabins are single and semi-detached, come with a scenic balcony design, and are constructed using pine wood from north Iowa. The residences are warm in the winter, cool in the summer, prevent humidity, and contain phytoncides. Rooms are 10.5 ping in size with a 4m high ceiling and a single split-system air conditioning.

Depending on the type of accommodation, the farm resort will provide:

- (1) Breakfast Voucher (2) Park Ticket (3) Open Air Hot Spring Spa Ticket (Times of use are as posted on-site)
- A shuttle bus from Hualien Train Station is available at a designated time and location. The cost of a one-way trip is NT\$100 per person. Please make reservations two days in advance (Reservation service is limited to overnight guests. Regular tour visitors and groups may not use this service).
 - The travel time from Hualien Airport, passing by Hualien Train Station, is approximately 60 minutes.

Hot Springs

The source of the hot spring comes from a water vein in Erzi Mountain. The water has a pH of 7.1 and the springs are also known as an iron sulfur spring. Facilities include an open-air bath, jacuzzi, swimming pool, private baths, dry sauna, steam sauna, etc.

Service Hours: Weekdays and Weekends- 14:00 – 22:30 (No entry after 21:30). Any changes will be as indicated by on-site notices.

1. Hot spring water at the hot spring resort uses effluent flow. Water is not recycled.
2. The brown suspended particles on the surface of the hot springs are naturally occurring magnesium and iron compounds. Hot spring water is not suitable for drinking.

Dining

Harvest Hall offers breakfast, lunch, and dinner. Items include dishes containing fruits and vegetables cultivated on the farm, unique local ingredients and specialty mountain products. Food is fresh and delicious and evokes the color, aroma, and taste of natural mountains and clear rivers.

Manor Café is located on the first floor of the tourist center in the park area. Offerings include an assortment of set meals and coffee, as well as a variety of beverage services. Each location has a stand which sells farm ice cream, panna cotta, agricultural specialties, and souvenirs.

Tours/Ecology

The park offers European gardens, lakeside scenery, forest paths, bamboo gardens, a sea of flowers, and you will discover even more stunning landscapes as you go on a leisurely bike ride in the park area. Set aside all your worries and enjoy the beauty of nature. The farm currently has over 30 species of animals and over 200 species of birds. In addition to watching the animals, visitors can also experience the joy of feeding them. The park makes an effort to preserve the natural ecology. It is estimated that there are presently approximately 100 species of seasonal animals and birds in the park, creating an image of a beautiful environment for a sustainable Taiwan.

Dairy Cow Area

The farm has imported Holstein cows for breeding and the Dairy Cow Area allows visitors to feed calves. You can visit the dairy cow nursery room to experience the feeling of being a mother cow. A high-quality growth environment leads to production of high quality dairy products! We also use fresh milk from our farm to independently produce our own ice cream, soft-serve, and panna cotta, all of which are highly popular among our visitors.

<p>Admission Information</p>	<ul style="list-style-type: none"> ● To maintain the quality of the park, guests should park their cars in the parking lot ● The park provides bicycle and electric cart rental to make touring the park more convenient ● Pets are not allowed inside the park ● Biting midges are common in Hualien County.
